Key aspects of our company

Start lean and
be flexible.

**Do not
reinvent the
wheel.**

Freedom is
our lock-in.

**Integrate
existing open
source tools.**

**Be part of the
community.**

Walk on the
giants'
shoulders.

International backbone

What's going on in the cloud?

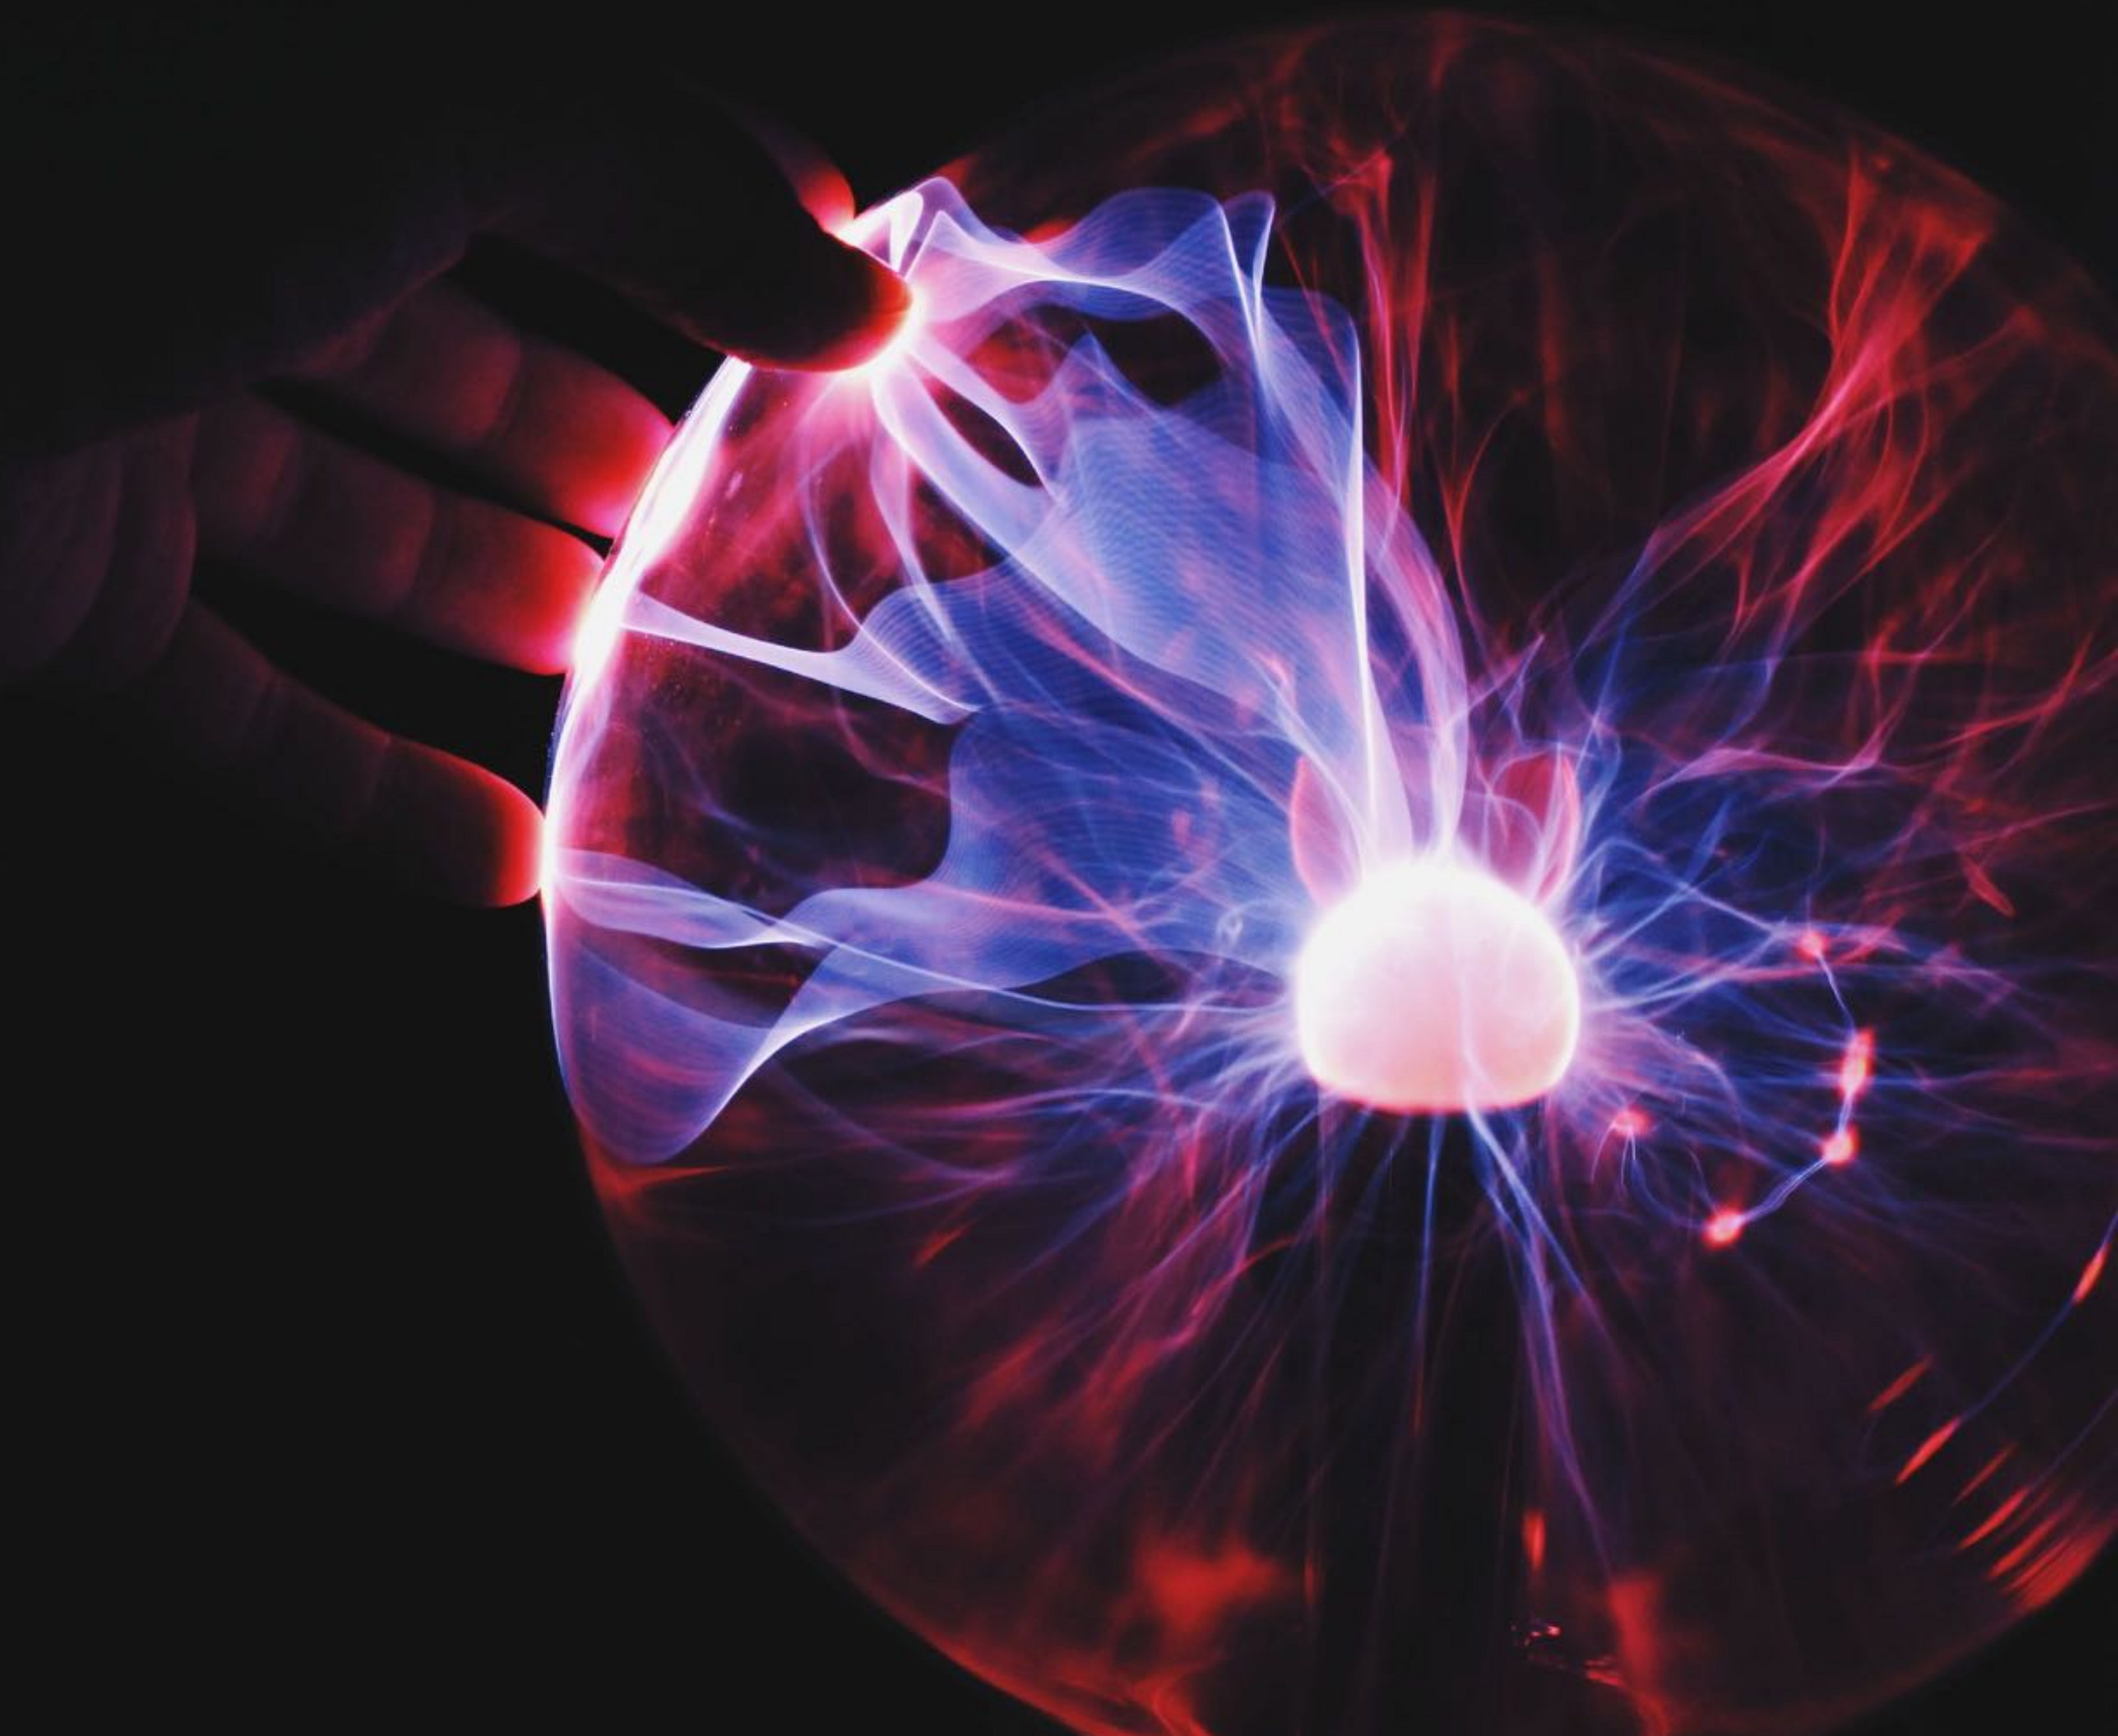

**Cloud processes are in places
and people are using them**

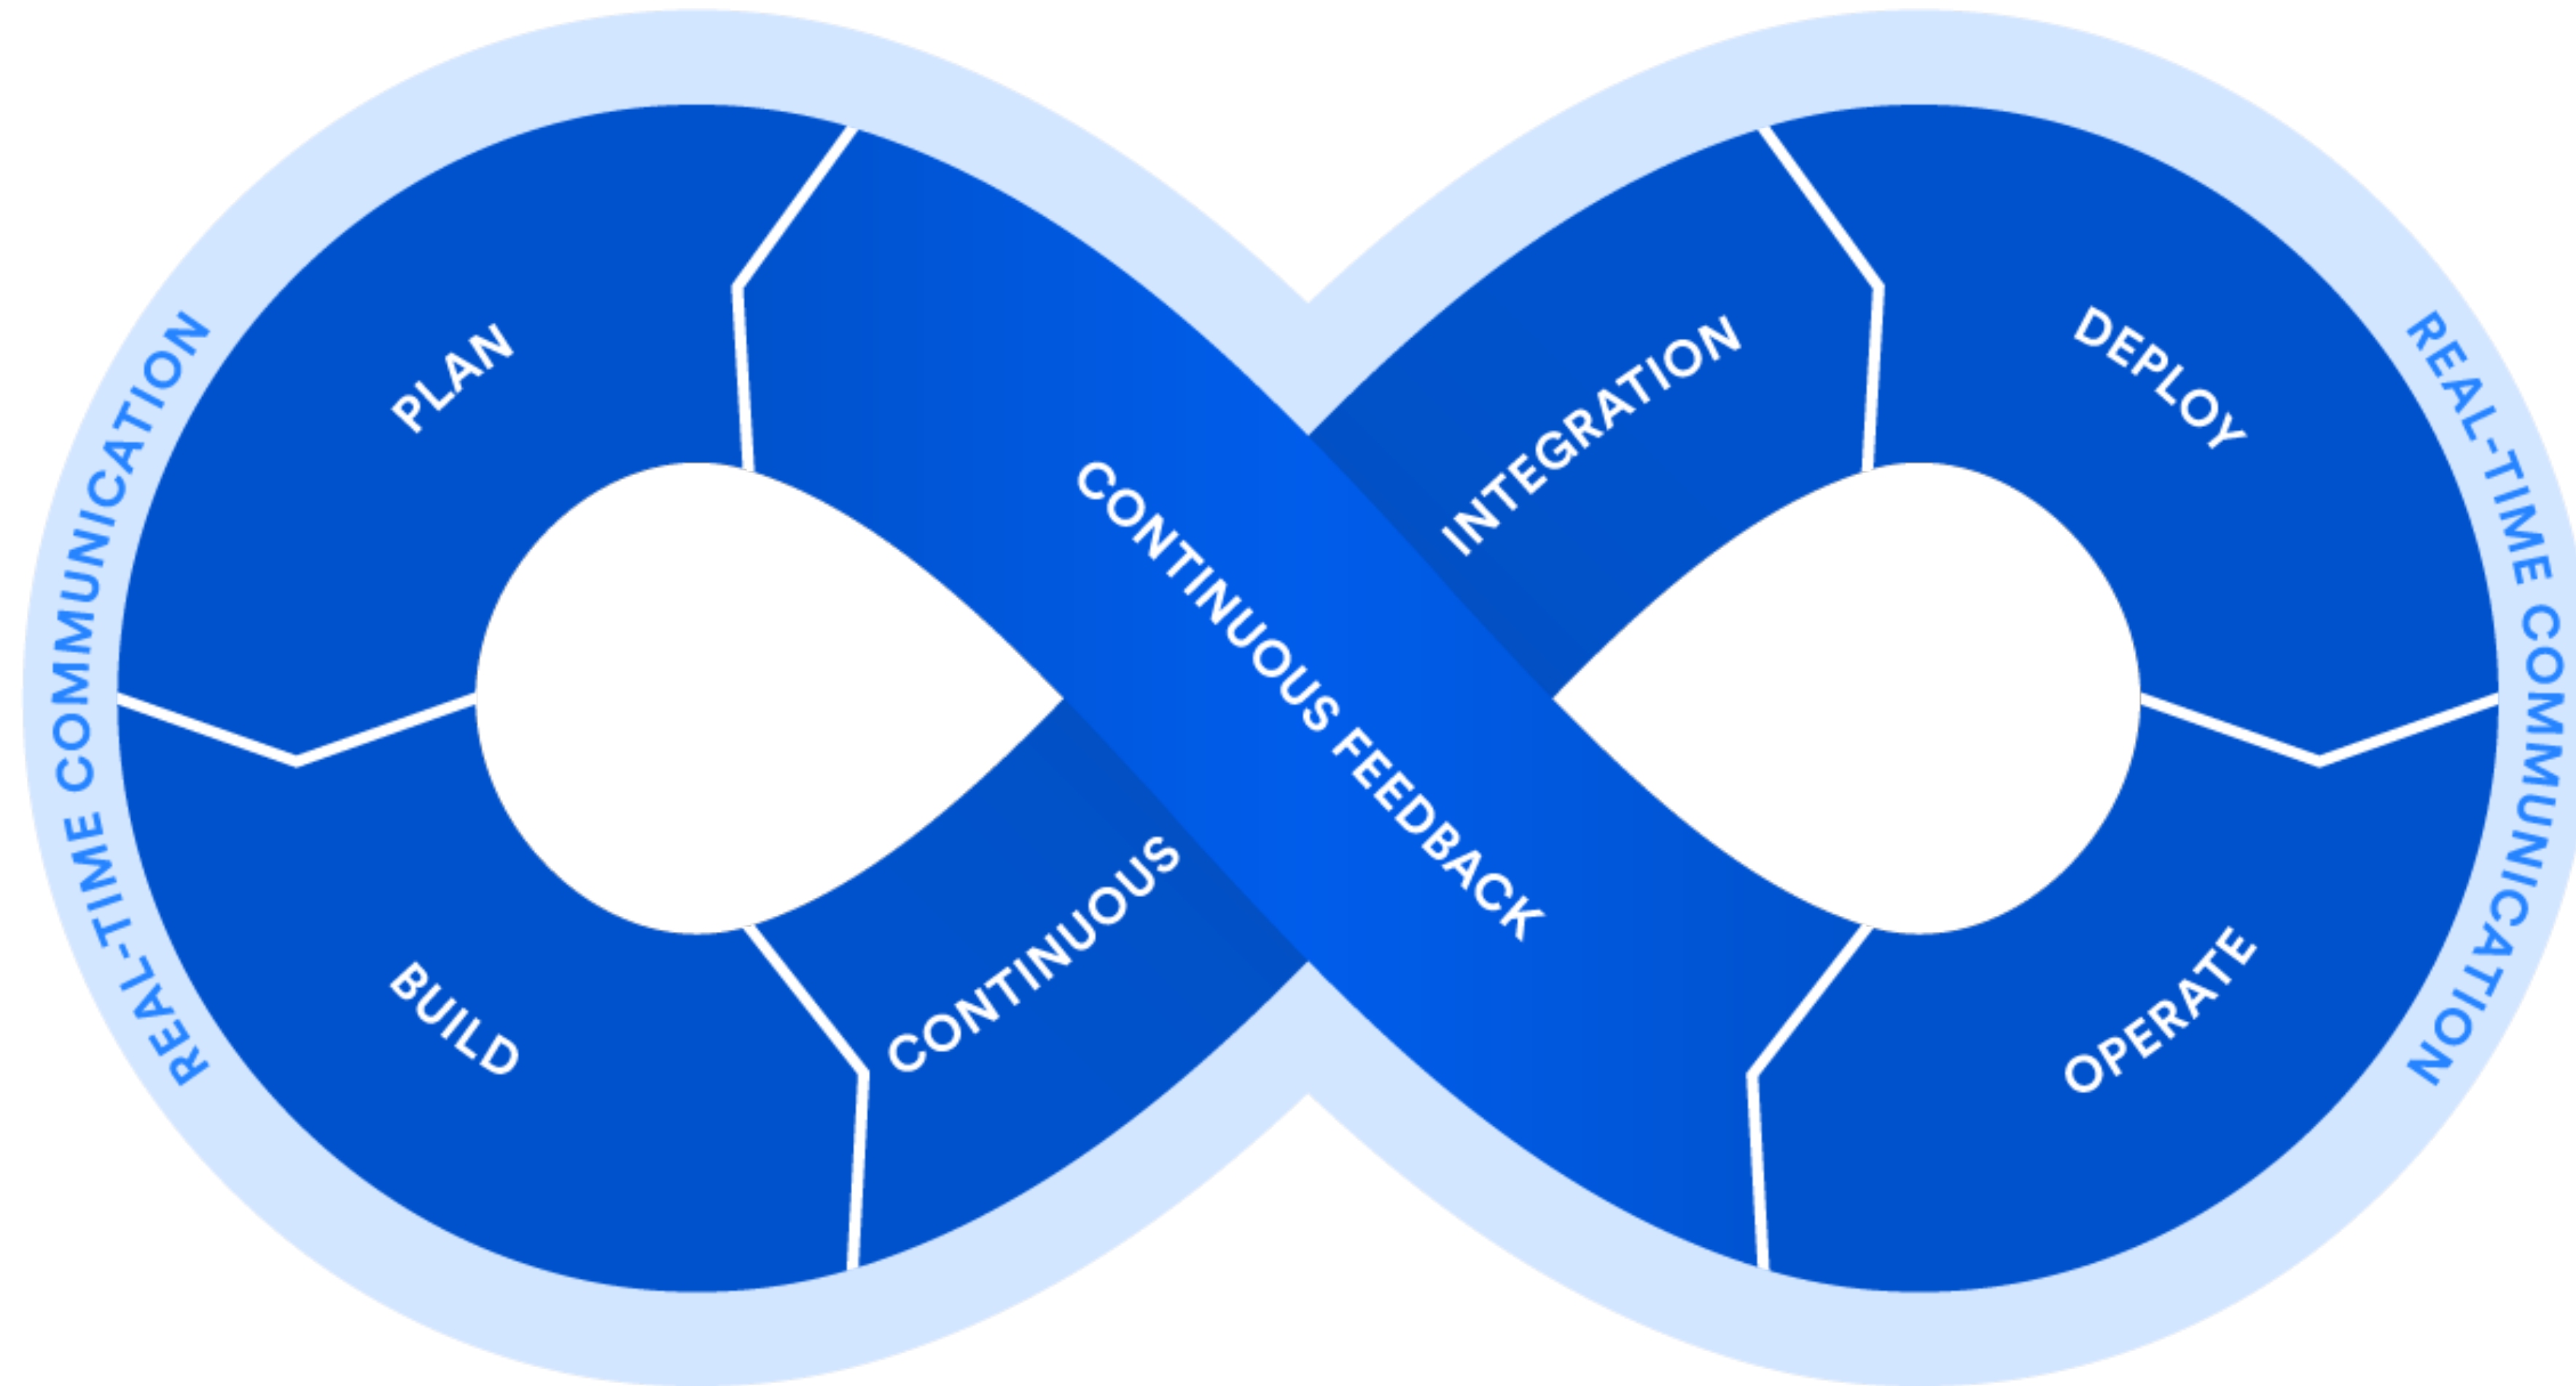

**APIs make
machine-to-machine
conversation
possible**

**Automation
is (finally)
catching up**

DevOps

**Let the robots
take over**

**If you can't feed
a team with
two pizzas,
it's too large.**
